*Do what you what you want, if you have a dream for better
Do what you what you want till you don't want it anymore
(remember who you really are)
Do what you what you want, your world's closing in on you now
(it isn't over)
Stand and face the unknown
(got to remember who you really are)
Every heart in my hands like a pale reflection*

*Hello, hello remember me?
I'm everything you can't control
Somewhere beyond the pain there must be a way
to believe we can break through*

*Do what you what you want, you don't have to lay your life down
(it isn't over)
Do what you what you want till you find what you're looking for
(got to remember who you really are)
But every hour slipping by screams that I have failed you*

*Hello, hello remember me?
I'm everything you can't control*

*Somewhere beyond the pain there must be a way to believe
Hello, hello remember me?
I'm everything you can't control
Somewhere beyond the pain there must be a way to believe
Hello, hello remember me?
I'm everything you can't control
Somewhere beyond the pain there must be a way to believe we can
break through*

M A D E O F S T O N E

*Speak your mind
like I care
I can see your lips moving
I've just learned not to hear
Don't waste your time*

*Its never enough for you, baby
Don't want to play your game anymore
no matter what you say
I'm all out of love for you, baby
and now that I've tried everything
I'll numb the pain till I am made
of stone*

*Take your time
I'm not scared
Make me everything you need me to be
so the judgement seems fair
Don't waste your time*

*Its never enough for you, baby
Don't want to play your game anymore
no matter what you say
I'm all out of love for you, baby
and now that I've tried everything
I'll numb the pain till I am made of stone*

T H E C H A N G E

*Thought that I was strong
I know the words I need to say
Frozen in my place
I let the moment slip away*

*Say its over, yes its over but I need you anyway
Say you love me but its not enough
Not that I'm so different
Not that I don't see the dying light of what we used to be
But how can I forgive you- You changed
and I'm a liar by your side
I'm about to lose my mind
cause I've been screaming on the inside and I know you feel the pain
Can you hear me, can you hear me
You've been dreaming if you're thinking that I still belong to you
and I've been dying cause I'm lying to myself (ah, ah, ah)
Say its over, yes its over but I need you anyway
Say you love me but its not enough*

*Never meant to lie
but I'm not the girl you think you know
The more that I am with you
the more that I am all alone*

*I've been screaming on the inside and I know you feel the pain
Can you hear me, can you hear me? (ah, ah, ah)*

M Y H E A R T I S B R O K E N

*I pulled away to face the pain
I close my eyes and drift away
over the fear that I will never find a way to heal my soul
and I will wander till the end of time
torn away from you*

*My heart is broken
sweet sleep, my dark angel
deliver us from sorrow's hold (over my heart)*

*I can't go on living this way
But I can't go back the way I came
chained to this fear that I will never find a way to heal my soul
and I will wander till the end of time
half alive without you*

*My heart is broken
sweet sleep, my dark angel
deliver us*

*Change
Open your eyes to the light
I denied it all so long, oh so long
Say goodbye
Goodbye*

*My heart is broken
release me, I can't hold on
deliver us
My heart is broken
sweet sleep, my dark angel
deliver us
My heart is broken
sweet sleep, my dark angel
deliver us from sorrow's hold*

T H E O T H E R S I D E

*Make me whole again
Open your eyes
Taunted by the shadows of your light
Cold and far away
like you're not even mine*

*Undo everything and take me higher
Never believing what they say cause I'm*

*Counting the days to meet you on the other side
I will always be waiting
until the day that I see you on the other side
Come and take me home*

*I'm not giving in
I want you back
holding together by the shards of our past
Stole my heart away
I can't let you go
Break these chains and let me fly to you*

*high above the world below
Over and over in my mind
Counting the days to meet you on the other side
I will always be waiting
until the day that I see you on the other side
Come and take me home*

*I am so lost without my place inside your heart
I wont survive I need to know you hear me
Awaken and release my love*

*Counting the days to meet you on the other side
I will always be waiting
until the day that I see you on the other side
Come and take me
Counting the days to meet you on the other side
I will always be waiting
until the day that I see you on the other side
Come and take me home*

E R A S E T H I S

*It's too late to change your mind
even though this fragile world is tearing apart at the seams
I can't wash these sins away
this sinking feeling every day I'm waking up in someone else's life*

*Is it so hard for you, cause it's so hard for me
to believe that what we dreamed could ever come to life again
cause I cannot erase this lie*

*Not gonna let this day go by
I'm gonna save this wasted life and nothing can stand in my way
Not enough to say goodbye
Burn it till there's nothing left
I'm drowning in the mess that I have made*

*Is it so hard for you, cause it's so hard for me
to believe that what we dreamed could ever come to life again
cause I cannot erase this darkness in me*

*The water's rising around us
there is no other way down
I only have myself to blame for it all*

*Is it so hard for you, cause it's so hard for me
to believe that what we dreamed could ever come to life again
if I could just erase my mind
but I cannot erase this lie*

L O S T I N P A R A D I S E

*I've been believing in something so distant
as if I was human
And I've been denying this feeling of hopelessness
in me, in me*

*All the promises I made
just to let you down
You believed in me but I'm broken*

*I have nothing left
and all I feel is this cruel wanting
We've been falling for all this time
and now I'm lost in paradise*

*As much as I'd like the past not to exist
it still does
And as much as I'd like to feel like I belong here
I'm just as scared as you*

*I have nothing left
and all I feel is this cruel wanting
We've been falling for all this time
and now I'm lost in paradise*

*Run away, run away
One day we won't feel this pain anymore
Take it all away, shadows of you
cause they won't let me go*

*till I have nothing left
and all I feel is this cruel wanting
We've been falling for all this time
and now I'm lost in paradise*

Alone and lost in paradise

S I C K

*Embrace the silence
cause there's nothing that can change the way I feel
Taken all that you wanted
now there's nothing that can change the way I feel
Hold on, little girl
The end is soon to come*

*Sick of it all, sick of it all
We will not follow
Sick of it all, sick of it all
They don't understand how
Sick we are, sick we are
of this bottomless pit of lies
behind closed eyes*

*Oceans between us
and there's nothing that can change the way I feel
I can still taste the poison
of every thought, every breath I wasted here
Hold on, little girl
The end is soon to come*

*Sick of it all, sick of it all
We will not follow
Sick of it all, sick of it all
They don't understand how
Sick we are, sick we are
of this bottomless pit of lies
behind closed eyes
Someday you'll know the pain
Someday the light will break through
And nothing you tell yourself will save us from the truth
screaming out*

*Sick of it all, sick of it all
We will not follow
Sick of it all, sick of it all
They don't understand how
Sick we are, sick we are
of this bottomless pit of lies
behind closed eyes*

E N D O F T H E D R E A M

*I found a grave
brushed off the face
felt your light and
I remember why I know this place
I found a bird
closing her eyes one last time
and I wonder if she dreamed like me*

*As much as it hurts, ain't it wonderful to feel?
So go on and break your wings
Follow your heart till it bleeds
as we run towards the end of the dream*

*I'm not afraid
I pushed through the pain*

*and I'm on fire
I remember how to breathe again*

*As much as it hurts, ain't it wonderful to feel?
So go on and break your wings
Follow your heart till it bleeds
as we run towards the end of the dream*

*Why must we fall apart
to understand how to fly
I will find a way
even without wings
Follow your heart till it bleeds
as we run towards the end of the dream
Follow your heart till it bleeds
and we've come to the end of the dream*

O C E A N S

*Don't want to be the one to walk away
but I can't bear the thought of one more day
I think I finally understand what it means to be lost*

*Can't find the road to lead us out of this
a million miles from where we burned the bridge
Can't keep pretending everything's gonna be alright
with the whole world falling around me*

*Cross the oceans in my mind
Find the strength to say goodbye
In the end you never can wash the blood from your hands*

*Fallen so far from where we were before
You'll never find what you've been searching for
Someone to fill the void and make up for all of those
missing pieces of you
like I could only dream to do*

*Cross the oceans in my mind
Find the strength to say goodbye
Everything that we believed in was a lie
Cross the oceans in your mind
Find a way to blur the line
In the end you never can wash the blood from your hands*

*And we never learn
so we fall down again
heaven help me find a way to dream within this nightmare*

*Cross the oceans in my mind
Find the strength to say goodbye
Everything that we believed in was a lie
Cross the oceans in your mind
Find a way to blur the line
In the end you never can wash the blood from your hands*

N E V E R G O B A C K

*Everything is so dark and I know there's
something wrong but I can't turn the light on
In that split second change
when you knew we couldn't hold on I realized
I live to love you*

*Save yourself
Don't look back*

*Tearing us apart until it's all gone
The only world I've ever known sleeps beneath the waves
but I remember*

*I won't give up on you
I can feel you in my heart just show me the way
I don't belong here alone
I can still see your face
where it's burned into my mind
I die every time I close my eyes
you're always there*

*Save yourself
Don't look back
Tearing us apart until it's all gone
The only world I've ever known sleeps beneath the waves
But I'm the one who's drowning
Without your love I am lost
and I can never go back home*

*All across the ocean
We are calling, calling
Are you there
Nothing left for me till I find you because it's all gone
The only world I've ever known sleeps beneath the waves
But I'm the one who's drowning
Without your love I am lost
and I can never go back home*

S W I M M I N G H O M E

*Way down, I've been way down
underneath this skin
waiting to hear my name again*

*I'm sorry
nothing can hold me
I adore you still
but I hear them calling
and nothing can hold me*

*Way down, all the way down
I will hear your voice
but I'll no longer understand*

*I'm sorry
nothing can hold me*

*I adore you still
but I hear them calling*

*I was looking to the sky
when I knew I'd be swimming home
and I cannot betray my kind
They are here
it's my time*

*I'm sorry
nothing can hold me
I adore you still
but I hear them calling
and nothing can hold me*

NEW WAY TO BLEED

Serve your twisted enemy
so you might earn forgiveness
You know your whole world is waiting
so why can't you speak?

I feel it coming over me
I'm still a slave to these dreams
Is this the end of everything
or just a new way to bleed

So go and tell all your friends that I'm a failure underneath
if it makes you feel like a bigger man
But its my heart, my life that you're calling a lie
I've played this game before

and I can't take anymore

I feel it coming over me
I'm still a slave to these dreams
Is this the end of everything
or just a new way to bleed

by drifting far beyond the edge
freedom, freedom can't you feel the ground caving in?
freedom, give us a reason to believe again

I feel it coming over me
I'm still a slave to these dreams
Is this the end of everything
or just a new way to bleed

SAY YOU WILL

It's taking you too long to decide
and I don't want to be the one, the one
crying over wasted time
If you think you're strong enough to let me in
then come on, stand up and be honest

I'm tired of feeling so alone
cause you won't let me understand
I don't want to pretend
I want to feel, I want to live

Say you will or say you wont
open your heart to me
Now or never tell the truth
Is this real, is this real?

Whenever you're around I can't fight it
You get under my skin in a way that I like it
and I can't take anymore
Tell me what you want from me or leave me alone
cause I'm all caught up and I'm losing control

I'm tired of holding on so tight
when you won't let me understand
Now I'm falling apart

I never meant to lose myself

Say you will or say you wont
open your heart to me
Now or never tell the truth
Is this real, is this real?

Say you will or say you wont
open your heart to me
Now or never tell the truth
Is this real, is this real?

Like drops of rain
against my heart
cut through like silver
and I want to make you feel that way
and I want to make you feel the way that I do

Say you will or say you wont
open your heart to me
Now or never tell the truth
Is this real?

Say you will or say you wont
open your heart to me
Now or never tell the truth
Is this real, is this real?

DISAPPEAR

Hollow, like you don't remember me
Underneath everything I guess I always dreamed
that I would be the one to take you away from all this wasted pain
but I can't save you from yourself

Don't you want to feel
Don't you want to live your life
How much longer are you gonna give into the fear
Holding you down until you're frozen
I can't let you fall apart

You don't even know what you've done to me
but I would be the one to take you away from all this wasted pain
If you could just wake up

Don't you want to feel
Don't you want to live your life

How much longer are you gonna give into the fear
Holding you down until you're

All alone
All alone and drowning in your past
Take it back
Take it back I still believe you can

Don't you want to feel
Don't you want to live your life
How much longer are you gonna give into the fear
I can't go on pretending so give me something real
No one in your way but you
How much longer are you gonna give into the fear
Holding you down till you disappear

S E C R E T D O O R

Turn out the lights
Feed the fire till my soul breaks free
My heart is high as the waves above me
Don't need to understand
Too lost to lose
Don't fight my tears cause they feel so good

And I
I will remember how to fly
Unlock the heavens in my mind
Follow my love back through the same secret door

Look past the end
It's a dream, as it's always been
All life lives on if we've ever loved it

And I
I will remember how to fly
Unlock the heavens in my mind
Follow my love back through the same secret door
